## FROM THE SALE MANAGER -

Here's a wonderful set of thrifty, well-bred, good type quality Short-horns. They are being offered by two reliable and highly regarded cattle-men and everything sells fully guaranteed and T.B. and Bangs tested. This is the same breeding that has produced many champions and top sellers in Kansas and regional shows and sales for the past several years. New breeders will find ideal foundation material and well-established breeders will find bulls and females of the quality and breeding that can help raise the standards of their own herds.

I firmly believe that the beef industry is on a solid footing because this country will need a substantial increase in beef cattle numbers in the next two decades. It seems reasonable to expect the total demands for beef to increase at least 50% in the next 20 years and somebody will make money out of the business, most likely it will be those with a good producing cow herd.

Another favorable aspect is the fact that preliminary census reports from the first 31 states indicate that there may be at least 4 million fewer cattle in the United States than has been estimated by the U.S.D.A. statisticians.

At any rate, this does look like a good time to plan a solid beef production program and I can assure you that there are cattle in this big, joint sale that can help you do this.

MERV AEGERTER, Sale Manager

LOUADA CHANCELLOR - Great headed, heavy-boned son of the \$50,000 Bapton Constructor and out of a beautiful daughter of the \$8,000 Louada Forager. She is from the Naemoor Cinderella family. His grandam, Louada Cinderella Bride is one of the best daughters of Calrossie Armada. We are featuring the first calves by this bull in this sale and you're going to like them because of their good heads, ruggedness, bone and substance. There is little doubt but what Louada Chancellor is destined to be a great sire. The first calf sired by him was the 2nd top selling steer at \$330 in the recent Ulrich Bros. Calf Sale on October 29th. Good cattle-men can profit from his Get and Services we are selling in this sale.

## **Standard Guarantee of the American Shorthorn Breeders' Association**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
